Elden Ring History

KING OF ALL KINGDOMS. There were no enemies left against mankind, but the people began to have doubts about their own power. The elders began to worry about what to do with the wasted resources. The dreams of adventurers and the tales of monsters became common things. They feared the lack of any magic abilities and the gradual weakening of magic. They devised a plan to act as a barrier to prevent growth and violence. Then one day, a deadly disaster occurred on the frontier. Some unknown magic caused eight giants to burst out at once, and they started to rove the Lands Between. The Elden Ring was born. The battle against the guardians of the Lands Between began. Although the source was not yet found, the wards were passed down to the great warriors of the future.

THE AGE OF THE WARRIOR. A new kingdom flourished in the Lands Between in search of a new land, expanding for hundreds of years, its borders becoming unsure. A conflict that sent peace into war broke out on the world-wide battlefield.

The knight of light, who commanded a mighty army and wielded the power of the Eooden Ring, after making a solemn promise, entered the Lands Between to protect the weak Elden Ring. The journey into the unknown was endless, and the skies became a new battleground. In the end, he was defeated by several thousands of warriors with dry breath and weapons with magic, thrown into battle.

Only the Queen to lead the Elden Ring appeared when none others could, in the ancient, ruined fortress.

AMERICA'S NIGHT. The Queen accidentally met with an adventurer in the closed land of Ultima. She spent her kingdom getting the adventurer there. The surrounding people began to doubt that the Elden Ring was defending the Elden World. A group of free

Tue, 23 Jan 2013 16:15:56 +0000 news that D2 will be localized.Tue, 23 Jan 2013 15:32:22 +0000 Good news that D2 will be localized.Sat, 20 Jan 2013 12:23:42 +0000 The following are the original ones - what a regression: they state the Wii version will be released for Playstation 3, Xbox 360, and PC. Those that were available for Wii are Wii U only. We also have new info about Fantastic Four, which states that "Not to the U.S., as it's only coming to Europe first before making its way to the States". So the answer is that it will be released in Europe and then be localized for the U.S. In addition we have heard that Gamestop advertised GTA V for less than \$50, which was a new record for the retailer. At this rate, your best bet for buying a Wii U when it launches in North America is to wait until November for the Gamepad to drop in price. Then you should be able to get it for around \$50 and pick up Gold Edition and Legend of Zelda for under \$40. Oh, and good news - The Wind Waker HD has
