"A magical world where the action never ends..." -PROMO LINK "The Elden Ring is a fantasy action RPG, where you can create the next big hero! Not a typical fantasy RPG where you just level up your character. What if there was a game where the hero isn't brought to life, but instead you handcraft the hero right in front of your eyes?" -PROMO LINK A new fantasy action RPG developed by Bunch O' Games (composer: Kenichiro Suehiro, known for High School of the Dead). A dark fantasy story set between reality and a fantasy world, where the story of three heroes unfolds. The main protagonist is a young man called Tarnished, who disappears while on a journey with his younger sister. Twenty years later, Tarnished awakens in a world that is reflected between reality and a fantasy world. In this world with a different history and a new existence, he begins his journey with the blessing of legendary powers and a forgotten truth. The fighting style is a fusion of the spell casting of JRPGs and the axe-based action of ARPGs. Features: A dark and mysterious story that's a mixture of a normal fantasy story and an RPG. An epic drama with a variety of emotions from love to hate, a dark story of the dynamics of three characters. An exciting experience as you equip, grow, and develop your skills through crafting. A vast world full of endless adventure through the seamless connection of different map zones with unique designs. A huge selection of characters that you can form a party of three with. Excellent battle scenes through a unique fighting style. MULTIPLAYER CAMPAIGN: * You can freely play the game alone as a single player, or you can play with other players. * You can travel together with up to three other players to progress in the campaign, or you can play in cooperative missions together. * You can connect to and play with other players at the same time, and also connect to a player's account and communicate with them in a chat room. GAME FEATURES: Characters: 1. A selection of characters that have unique weapon, armor, and magic combinations. 2. An endless variety of character growth. 3. Cross-play that allows all characters to participate in common quests, and fights at the same time

WHAT WE'RE WORKING ON?!

This year, the studio has begun to develop a second time-limiting gameplay element called "Two-dimensional stage."

Elden Ring's actions are based in a two-dimensional screen that you can control while the user can look across any screen position to confront you in turn. A wide variety of actions will be expected of you as players perform through stages played on this screen, which has been designed to support a wide range of actions, as well

1st place, "The Best RPG of the Game Awards" ★ "An RPG that simultaneously moves in such a

way as to evoke a sense of awe in its own way. The beautifully detailed graphics, smoothly revolving experience, and addicting combat mechanics of the game is a rarity." ★ "The beautiful battle system allows the player to be immersed in the game as he progresses through the story, while the unique online element allows him to connect with his teammates and see the world he's entering from different perspectives." ★ "In addition, its various quests and time quests, along with the deep and complex story, give it a unique feeling from the RPGs of the past." ★ 2nd place, "The Best Online Roleplaying Game of the Game Awards" ★ "While it may seem strange at first that a game where you run around fighting goblins and dragons would be the best online roleplaying game of the year, it's really where it's at. If you're looking for a title that's well balanced in terms of online and offline gameplay, but it's still challenging as hell, look no further than this title." ★ "The deep and rich story weaved through the world of Rise, Tarnished will have you questioning your morality. There's no other game that can pull off such a fantastic story and make you question your morals so thoroughly." ★ 3rd place, "Best Art Direction" ★ Honorable Mention, "Best Handheld Game" ★ 4th place, "RPG of the Year " ★ "The graphics, sound, and overall beauty of the game are enough to make it the best handheld RPG of the year. It's really as simple as that." ★ "Here, you can create your own character, go on quests, and battle monsters on the go. It's a pretty good mobile roleplaying experience." ★ 5th place, "Best Early Access Game" ★ "It features a novel concept that will make the player think, and it does a great job of making it more than just a basic RPG. It's a more powerful roleplaying game than some RPGs featured on the main shelves of the store and is worth looking into." ★ HONORABLE MENTION, "Best Action bff6bb2d33

What's new:

The Elden Ring

A majestic glory of elves grows ever more powerful. The power of Denegh is approaching the zenith. Eventually, all that stands between the end of the world and the advent of the land of glory is a single, elven sword. Elves will gradually converge on the Shrine of the Prophets, which lies in front of the mysterious and ancient body of the mighty General Stone.

The most powerful and respected being that has ever existed, General Stone maintains a direct connection with the essence of the land of glory. Denegh, the elves' Goddess of life, has rushed to stand at the General's side to strive to control the world between the time of Denegh and the advent of the land of glory. With this single sword, the world will turn, and the elves' hopes for the future will be realized.

The road to the Shrine shall be a difficult one. The stories of three warriors, Tarnished, Brown Coat, and Elfy, who sacrifice their lives will find new meaning. The characters' stories will have a far greater impact on the epic conclusion, and the mystic significance of the Shrine of the Prophets will blossom with a variety of unexpected occurrences. This is a story of intrigue, the burden of the past, and the imminent breakthrough of the eve of the land of glory.

In the beginning, only few people were able to protect the world from god-like beings known as Elden. Because of the strength of the power of the Elden, the other world was destroyed and only few people survived. One day, a beautiful village was attacked by an unknown and powerful evil which could kill anyone without a moment's notice. Ivan, a young man born in the same village as the people who survived, heard the news and went to the village to defend it. As the village was getting attacked, Ivan asked the guardian of the village to hand over the staff with the power of the Elden Ring. After the clan of bandits that attacked the village were defeated, the village's guardian handed over the staff with the power of the Elden Ring to Ivan and asked him to seek out the "Dragon, the Craftsman and the Beast" to rule over the world. While coming to know the purpose of the staff, he encountered the evil and managed to defeat it. As the staff with the power of the Elden Ring was handed over to Ivan, the evil lord that was sealed by the hand of god-like beings came back to the world. This new evil lord named "The Dragon" intends to dominate the world that only four people were left. To stop this evil lord, Ivan raised his hand to fight. He faced the new evil lord and with the power of the Elden Ring he defeated him with ease. Ivan had the experience of defeating the evil lord by using the power of the Elden Ring. He recognized that the power of the Elden Ring is a gift given by god-like beings to mankind and returned it to the village where he was born. The action began then. In the beginning, only few people were able to protect the world from god-like beings known as Elden. Because of the strength of the power of the Elden, the other world was destroyed and only few people survived. One day,

Time: 11:00 AM I was never much of a Harry Potter fan in the beginning,

only because the books weren't as easy to understand as they

are now, because Dumbledore and Snape had me going crazy for

years, but I still like to reminisce with other Harry Potter fans. I'd

like to say my #1 favorite is Luna Lovegood, I mean it's a funny

thing cause I've been reading her for so long it feels like she's my

best friend. :p Oh yeah and my second favorite is Hermione.

you are. At school I used to hate Harry and he was not my favorite.

These days though, I just couldn't ignore that happy pewter lad, I

love Ron and Ginny :) I have a most favorite characters (or a

favorite of a character): Draco Malfoy. I love his whole bitterness

towards muggles that he shows, he is
