Autodesk MEP software for engineers and architects design and visualize objects, such as mechanical, electrical and plumbing. MEP is a desktop application and it connects to Autodesk Exchange and Autodesk Design Review, which is a web based application. The current version of Autodesk has a programmable command language called Autodesk Exchange Language (AXL). It has a subset of Visual LISP which is similar to Visual LISP and is also similar to the Java programming language. One difference between AXL and

---

Visual LISP is that Visual LISP allows control structure with blocks or loops, while AXL does not. AXL uses a feature-based approach rather than the block-based approach of Visual LISP. AutoCAD Crack Free Download supports a number of APIs for customization and automation. These include AutoLISP, Visual LISP, VBA,.NET and ObjectARX. ObjectARX is a C++ class library, which was also the base for: products extending AutoCAD Cracked 2022 Latest Version functionality to specific fields creating products such as AutoCAD Torrent Download Architecture, AutoCAD Electrical, AutoCAD Civil 3D third-party AutoCAD-based application. Autodesk Exchange Apps Autodesk Exchange Apps are third-party applications using Autodesk Exchange for communication, data exchange and collaboration.
