It was released on April 17, 2013 by Fantagraphics Books. Plot The book's title refers to a 1971 book by George Seldes that was part of a series called "Dialectical Utopias". Utopia is a metaphor for Clowes's mental state while working on the story, and in the book itself. Collected editions The collected edition, Utopia: Complete Edition, was released in 2014 and features the following pages: Sources "The Great American Novel? With the aid of 'dialectical Utopias,' Daniel Clowes will settle the argument next week". The Huffington Post. April 17, 2013.
