The Ultimate Team was released for the Xbox 360 and PlayStation 3 in September 2015. Unlike previous iterations in the series, Ultimate Team is a more flexible offering: players earn resources through gameplay and by finding FIFA Points earned from packs and unlock cosmetic items and clothing. Here are some key features to help you get FIFA: Create Your Ultimate Soccer Team FIFA Ultimate Team features a fully customisable player roster, trade market and manager. You can also create and edit your own competitions. Improve Your Players in Training New to FIFA 21: An improved freeagent system allows you to discover and acquire great players from your rivals. Add them to your squad and then improve them in the continued training process with customisation options like player characteristics and equipment. Create Your Own Leagues The Leagues tool allows you to organise your own league (and invite your friends) through a number of options including league structure, rules and match length. Compete in Leagues and Seasons Compete in timed, unranked leagues, ranked competitions or in your own custom-made competitions. You can also enter the FIFA World Cup™, European Football Championships or Copa America. Share the Game Send your friend invites to join your created leagues. You can also watch and learn from the leaders of the internet in matches, friends matches, or invites matches. You can also find and follow other players or clubs to keep up with the latest in the game. Master Your Ball The tactical overview gives you all the information you need to unleash your star striker when taking the shot. Defensively the improved offside tracking means you'll now know exactly when to dive in for the tackle or for your goalkeeper to save a goal. Wear Your Teams Colours Manage the teams you create with your club's logo, kit and colours to create a unique atmosphere. Accessorise your team with a range of kits and players. Play with Your Friends Show your friends who is the best FIFA player in the world in Real Player Online. On the same screen you can watch highlights, keep up to date with friend activity, track your progress, and keep tabs on the latest FIFA updates. FIFA® Ultimate Team™ 17 launches on PlayStation®4 and Xbox One on August 24. New this season of innovation across every mode, including the introduction of a fully customisable Manager. FIFA is the World's #1 videogame franchise with over 140 million players in 203 countries – bettering the FIFA® franchise of the same year's sales in 109 countries – and it all started with FIFA Football. FIFA Football was the first videogame to represent the beautiful game and inspired the #1 videogame franchise of all time. FIFA Football introduced innovative gameplay such as the Power of Pervasive Technology and remarkable innovations in gameplay such as reduced tackling. FIFA Soccer featured a team of legends, including Pelé, George Best, Franz Beckenbauer and Johan Cruyff. FIFA 2000 introduced the most realistic game physics to date, bringing to life the real feel of playing football. FIFA 2001 featured some of the first true 3D graphics in a football videogame, providing an unprecedented level of immersion into the beautiful game. FIFA 2002 returned the game to its roots with a run and jump, dribbling, passing and shooting motion that simply didn't exist until 2002. FIFA Football '02 is still the most popular FIFA game with more than 4 million units sold in its first month of release. FIFA 2003 introduced the full-body concept, allowing players to feel the physicality of the game. FIFA Football '03 and FIFA Football 2004 brought players an unprecedented level of pure football fun with countless innovations, introducing the first-ever super-referee and the innovative 'sweep tackle', both of which have since become staples of the game. FIFA 2005 brought more groundbreaking innovations including contextual free kicks, tactical substitutions and an intelligent in-game AI, bringing the game into the modern era. FIFA Football '05 is the most popular FIFA game ever released, and continues to inspire players with its revolutionary gameplay and unmatched realism. FIFA 2006 introduced 2D to 3D engine, bringing the game to a brand new level of playability and fidelity. FIFA Football '06 is the most popular FIFA game in history with over a million units sold in its first month of release. FIFA 2007 introduced the "Ball Touch" innovation, a true tactile feeling of playing football and an utterly unique and unprecedented experience. FIFA Football '07 is still the only FIFA game that allows players to feel how the ball feels through their fingertips. FIFA Football '07 also includes all-new commentary and the deepest integration of online functionality in its history. FIFA 08 introduced the brand-new Frostbite engine and revolutionary AI, allowing
